## **The Fortunes and Misfortunes of the Famous Moll Flanders: Also the fortunate mistress or the lady Roxana**

In particular, as Chapter 2 will discuss in detail, Darwin converted evolution from untestable speculation to doable science by breaking through the old paradox as embedded most prominently in Lamarck's system of contrasting a palpable force of small-scale change that could do little in extension, with a basically nonoperational and orthogonal mechanism of large-scale change putatively responsible for all the interesting patterns of life's history, but imperceptible and untestable from the uniformitarian study of modern organisms. Lord so many things are changing in my life and at times I feel so lonely as those that are nearest and dearest to me have been taken from me to - for one reason or another...
