I like some of the twists and turns that Tabke threw at the reader as well as the evenly placed plot devices, the kind where the author will write their characters into a corner and the reader is then frantic trying to figure out how their beloved characters will get out of the mess that they got themselves. I am simply referring to the distinct ways by which the authors of these literary histories organize their contents. If the student did two programs, we want them to appear in order by date, so we choose that. Now you are probably like: Vladi, What Men in Love.10 Gay Stories f.
